

Dear Sir, Greetings from MX Business Media ! We take this opportunity to thank you from the bottom of our hearts for being an integral part of the wonderful gathering of structural steel experts at the recently held STEEL DAY 2015 - BENGALURU on 2ND December at The Lalit, and contributing your bit in making it a success. Must admit, that your presentation/viewpoint were thoroughly appreciated by the audience who attended the event. It indeed was very much within the theme of the summit, and the delegates were benefitted to a greater extent - going by the feedback that we received from them. Please be assured that our next edition of STEEL DAY will be much better and bigger than this one, and we foresee you playing another vital role in its success. You are hereby requested to kindly give your candid feedback on the event, and your able suggestions to take it to the next level. Now that we have started a new association, we wish to extend this further by showcasing some of your esteemed work in steel in our publication: Steel Structures & Metal Buildings. Our editorial team would be privileged to have you on board - and in sync with your technical workforce would relish upon the opportunity of covering your projects in a greater magnitude. Hereby, please find attached some of the relevant photographs of the STEEL DAY 2015. Once again thanking you, With warm regards, TEAM MX MEDIA
